

**Präsentation von Concrete ProCess Consulting zur Erhöhung der Produktivität im Betonwerk**

**Presentation of Concrete ProCess Consulting to increase productivity in the concrete plant**

Anbei ein Auszug aus einer Firmenpräsentation zur Leistungsoptimierung in Betonwerke durch CPCC.

Here is an excerpt from a company presentation on performance optimization in concrete plants by CPCC.

Performance  
Service Scope of Seifert Klaus

*Raising potentials  
in concrete production*

ICC Central Europe  
Warsaw 14 + 15.02.2019

ICC Middle East  
25. - 28.11.2018  
Sharjah, UAE

ICC Russia  
04. - 07.12.2018  
St. Petersburg, Russia

ICC Central Europe  
13. - 15.02.2019  
Warsaw, Poland

INTERNATIONAL EXHIBITION PARTNER  
ICCBP 2018  
International Conference on Concrete Block Parliament

Services for YOUR company:

Increase of productivity

Avoidance of failures

Reduction of set-up times

Concrete technology and recipe optimization

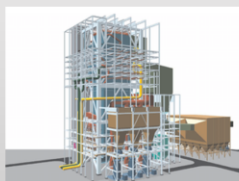

Quality Management and Production technology

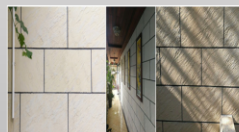

## Services for YOUR company:

Increase Efficiencies and Technical  
Organizational Processes - Digitization

Projectmanagement – Investments  
Processmanagement

Product development and technology  
management

## Concrete and ProCess Engineering

- Material testing
- Grading curves
- Ongoing Process

- Compactibility
- Processability
- Matching of coarse and facemix

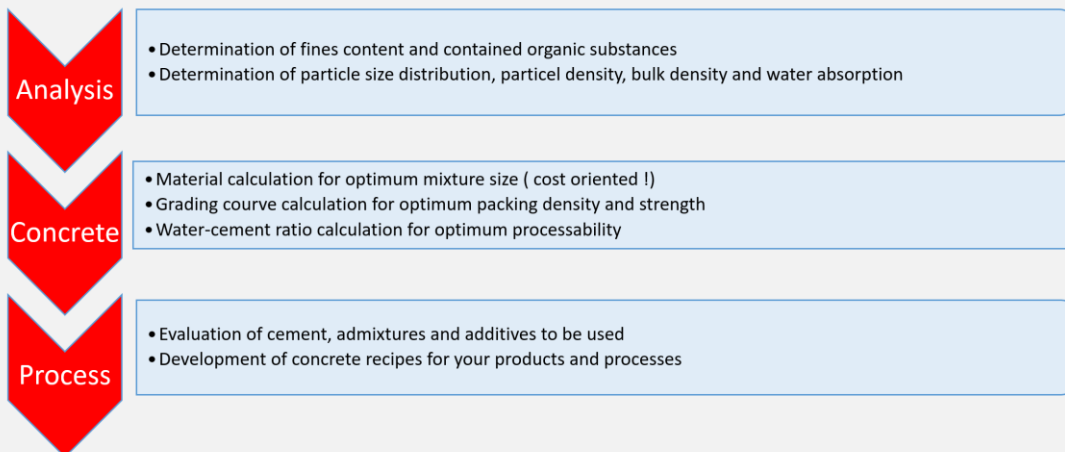

- Optimization of mixing process
- Optimization of machine settings
- Production monitoring

## Production and Technology

## Recipe-Optimization an Package Scope
